Dear Readers,

we would like to inform you that *Planum* hosts a **new magazine in the section "Journal & Books"**.

MilanoCittàAperta (Miciap) is a Journal of Urban Photography, born in 2009, that chose the Milan metropolitan area as the basis of a visual report on physical and relational urban spaces. The best description of this magazine could be found in a paragraph of its manifesto:

"A photographer is like a hunter, his camera is like a rifle. In every shot, a fragment of life is captured forever, taken away from possible changes and given to eternity. A photographer, then, has the opportunity of offering to society his ethical vision through an aesthetic vision, and vice versa. That's the aim of our magazine."

In the **following link** you can find the abstract of all the issues and a photo selection of every report: <http://www.planum.net/journals-books/miciap>

Below a selection of some of the **most interesting photo-reports**:

ISSUE #8 | *Ex-Sisas*, photographer: Daniele Pennati, © 2011

ISSUE #4 | *Milan under construction*, photographer: *Jacopo Farina*, © 2010

ISSUE #0 | *Islands*, photographer: *Nicola Bertasi*, CC 2009

We hope you will enjoy this new entry!

Best regards
